

Leak Reward Program Pays!

\$\$\$ REWARD \$\$\$

Eliminate Leaks, Eliminate Water Loss

**In 2014 we launched our Leak Reward program and the District has paid out over
\$1000.00 in rewards.**

Would you like the opportunity to earn \$20.00 toward your water bill? Help us find leaks! The Water District will credit your water account for each leak turned in that results in an actual water district leak, *no matter the size!* **If you see water standing, running, boiling up from the ground,** (does not include low pressure calls or line hits) call the office during normal office hours M–F, 8–5 or the emergency number after hours, weekends and holidays to make a report. Water District personnel will investigate and if a leak is confirmed and repaired, the first person that notified the District will receive \$20 on your water account!

After Hours Emergency Number: 417-214-3154
